

LA-based web developer who's had a lifelong interest in technology. Previously I was pursuing a career as a teacher, but when I learned about the existence of coding bootcamps I decided to make a career change. Recently graduated from General Assembly's Web Development Immersive program and I am looking forward to starting my career and to build upon my newly acquired coding skills!

Skills

Javascript, jQuery, CSS, HTML5, Ruby, Ruby on Rails, Angular, MongoDB, Express, Node.js, Bootstrap & Sass, PostgreSQL, Socket.io, Ionic Framework

Projects

Coordinet:

Location-sharing based chat-app that allows users to communicate on their phones through a combination of custom Google map markers and a traditional chat-service.

Technologies used: Socket.io, Ionic Framework, Google Maps API, Node.js, Angular.js

ConShareto:

Worked as a team to develop a concert-tracking application with an easy to use UI using the MEN stack. My focus was on learning how to utilize our chosen API (Jambase) to pull out concert information and building out the front-end of the application.

Muse:

This app was designed to be music performance sharing service with CRUD capabilities. Users get a repo to store and share sets from Youtube, Soundcloud, or Mixcloud.

Technologies used : Ruby on Rails, Bootstrap CSS

Hold-em (Poker Simulator):

A functional texas-hold'em simulator with complete win-check logic implemented.

Technologies used: Javascript, Bootstrap CSS, HTML

Employment History

General Assembly, Los Angeles, California

2015 - 2015

Web Development Immersive Student

GA's WDI is a 12 week immersive web development program, during this course I spent 600+ hours learning how to build web applications .

The topics we covered through the course included the following:

- Javascript
- jQuery
- Ruby on Rails
- Postgres and the RDBMS
- CSS & CSS Libraries (such as Bootstrap & Sass)
- MVC Architechture
- API's, AJAX, and JSON
- MongoDB, Express, NodeJs, and AngularJs
- Gulp task manager
- BDD with Mocha / Chai, and RSPEC
- Github workflow

Lih-Jen International Elementary School, Taipei, Taiwan

2014 - 2015

Homeroom Teacher

5th Grade homeroom teacher for a private international elementary school.

Yama Seiki USA, Chino, CA

2014 - 2014

Parts Coordinator

Account manager for a Taiwanese-based milling machine distributor.

Education

BA, Political Science

2013

University of California, Riverside, Riverside, CA
